Dear Somen

It was a great pleasure to meet you on January 20, 2011 and learn of all the great work that you are going through. It is really inspiring to see that you have chosen to support such a noble cause of AIDS/HIV. It has been even more impressive for me to learn of your pursuits given your background and origins, which I am quite familiar with as I grew up not very far from your place.

I wish you great success in your pursuits which are such an outstanding effort of human endeavour and physical and challenging pursuits.

We are happy to support you in your pursuits and hope that your journey on a bicycle will take you through many of the ArcelorMittal operations.

Please keep us informed of your progress from time to time. Ian Loudon will look after the rest for you.

With warm regards

Sudhir Maheshwari
